**MEN’S BIBLE STUDY** - meets every Monday at Founder’s Hall from 9:00 to 10:30. All men in the CO-OP, RV Section and Village are welcome to attend. We are currently studying the book of Romans. Don't forget to bring your Bible.

(Walk left – means walk on the left side of the road so you can see oncoming traffic).  
(Ride right – ride your bikes on the right side of the road to flow with traffic accordingly.)

**DRIVING IN THE PARK:**

**It’s still Spring Break and there are children and younger adults walking and riding bikes in our streets who are clueless to our environment. Please, Please SLOW DOWN AND STOP AT STOP SIGNS!!!!**

SPEED LIMIT IS 15 AS POSTED AND 10MPH IN THE RV SECTION for all vehicles with wheels.

**\*\*\*\*\* DID YOU KNOW? \*\*\*\*\***

**WINDING DOWN FOR THE SEASON???**

Are you packing up and getting ready to head north? Did you know that when you leave your home or RV for the summer months and during hurricane season, you must store all of your outdoor fixtures which include: patio furniture, umbrellas, garden hoses, yard décor, plants, etc. – anything that could fly during high winds and cause damage to your home or your neighbors around you?

The practice of having a “house watcher” is highly recommended. If, for instance, your AC goes out and mold begins to grow in your home could be quite expensive. The house watcher could notify you of the AC not working and you can get someone called in for repair and avoid long-term damage. OR, we have rain and high winds and your roof begins to leak, the house watcher could catch that and notify you to call someone for repair.

**CO-OP OWNERS** –

It is your responsibility to maintain your yards year round (minus grass cutting/trimming). While you’re away for any length of time it would be idea to have someone (your ‘house watcher’) taking care of and watching your home. Any weeds, flower beds, tree trimming, etc. is your responsibility even though you’re not here.

*“Pull those weeds – Trim those trees! – Maintain and it’s a breeze!”*

**\*\*\*\*\*REMINDERS\*\*\*\*\***

- **TRASH SCHEDULE** – Tuesday & Friday – Regular trash, horticulture & Recycle (Please bundle/tie or bag horticulture) Nothing loose!
- **NOTE:** Beginning in April, Fridays will be the only horticulture pickup day for the summer months until otherwise notified.
- Contact the IBE office if you have large items to dispose of to make arrangements.
- Please place your garbage bags in your trash cans with lid secured and place by the curb for pickup. Garbage should not be left in a bag at the side of the road.
- **RECYCLE!** Did you know. ... IBE recycles aluminum cans and gets \$\$\$ for them! You can help by emptying cans completely. Do NOT crush. The Bubble club will crush them. Put them in a separate bag or box with your recyclables.

**COMMUNITY SAFETY TIPS**

- **Walk left – Ride Right**  
**Use a FLASHLIGHT(s) ESPECIALLY at night!**  
**(Wear BRIGHT reflective clothing!)**

If you're unable to do this yourself, reach out to a friend or neighbor, I'm sure someone will be happy to help or find someone who can! There are several 'home watch' businesses in Bonita Springs and surrounding areas you can hire. OR put a request "in search of" on one of our FB pages and someone will be happy to give recommendations.

**FROM THE RULES & REGULATIONS OF IBE:**

Section IV.B - Seasonal Residents must notify the office of their arrival and departure dates for the season. Current contact information must be provided to the office. Failure to do so could result in a fine.

**Walking in the park at NIGHT:**

Three reasons to carry a bright flashlight, with it on, when walking (your dog) or jogging at night:

1. So people can see you and your pet and don't run you over. (walk left, ride right rule)
2. So your dogs don't touch a poisonous Bufo Cane Toad (One touch can KILL your dog, big or small!!!!)
3. So you can find your dog's poo and pick it up and dispose of properly!

Thank you! Be smart and safe on the roads!

**FYI – Info about BUFO (Cane)**

**TOADS and the safety of your pets:**

The cane toad, also known as the bufo, giant, or marine toad, is a large, nonnative amphibian that is considered an invasive species in Florida:

- **Appearance** - Cane toads are usually 4 to 9 inches in size and have tan, reddish-brown to grayish-brown bodies. They have large, triangular parotoid glands on their shoulders and spots on their backs.
- **Habitat** - Cane toads are commonly found in yards and human-modified habitats. They emerge at night to hunt for food and remain hidden during the day.
- **Toxicity** - Cane (Bufo) toads are poisonous to most animals that try to bite or consume them. Their toxin can cause:
  - Gastrointestinal symptoms like nausea, vomiting, and abdominal discomfort
  - Cardiac effects like bradycardia, atrioventricular conduction block, ventricular tachycardia, ventricular fibrillation, and sudden death

- **Control** - Cane toads are not protected in Florida except by anti-cruelty law. You can remove them from private property and humanely kill them year-round with landowner permission. You can also try to deter them with heavy rocks instead of mulch. Zeroscaping instead of low-lying plants and shrubs.

**IBE FACEBOOK PAGES:**

For all the latest information on activities and events, join the FB page "IBE Activities and Events". All you have to do is answer three questions. This FB group is intended for IBE residents in the Co-op, RV section and Village (but not for your friends and family). We want to keep it as an easy place to find out information about what is going on with activities and events (but not your personal life). For example, if something is cancelled or changed due to weather or a conflict, we want you to be able to access that information easily. Chairpersons are encouraged to share information regarding their activity on a regular basis.

• **Burn Ban in Effect!**

Officials ask all residents to be mindful of conditions and use good judgement. Outdoor ignition sources banned:

- Campfires
- Bonfires
- Trash Burning

**ATTENTION CRAFTERS!**

Before you head north for the summer, tuck this idea away: keep creating! The months ahead are a great time to craft, paint, sew, build, or design something special for next season's IBE craft show. We will have additional tables available and we'd love to welcome both returning favorites and new creative talents.

Any questions or ideas, contact me anytime at: [marilyndube13@gmail.com](mailto:marilyndube13@gmail.com)  
Marilyn Dube

**ATTENTION MILITARY VETERANS**

Next winter 2027, I will again be organizing some tours of the Naples Ferrari dealership. The last time we went, their crew was very welcoming and it was quite the tour of their facilities and understanding the Ferrari concept. I was there last week as they're a consulting customer of mine and the manager asked if we were coming again some time. Layout is amazing, but I found amazing too was what people traded in for Ferraris. If interested, please email me your name, service branch, specific years of service, IBE address and contact info.

**THANK YOU DANCE COMMITTEE!**

I would like to thank my fellow dance committee members for another year of outstanding work: Karen and Dick Lucke, Deb and Tim Pung who always provide our great photo booths, my sidekick John Schwab and a big welcome to our newest committee members Greg and Cheryl Grimes.

If have any concerns or ideas for now or next year, please put on a sheet of paper and give to me and I will see that it is shared.

Thank you again to the Michigan Day Committee for a successful event.

**\*\*SPORTS, GAMES AND EXERCISE\*\***

**TUESDAY BINGO!**

Did you know that traditionally, Irish Bingo is played with 90 numbered balls instead of the 75-ball system used in the USA. In 90-ball bingo, a card contains three rows and nine columns. Prizes are typically awarded for the first full row, then two rows, and finally a full house covering all numbers. Because of this layout, vertical or diagonal lines are not usually considered winning patterns.

There were 92 players tonight, but no one won the Cookie Jar so it will be worth \$30 next week. It's hard to believe there are only two more weeks of Winter Bingo. The last session will be Tuesday, March 31st. After a brief break, Summer Bingo will begin. We hope to see you over the next two weeks and then for the summer session!

Enjoy this day, Kate & Heidi

**GOLF**

The end-of-season golf get-together is Monday, March 23, from 4:00 to 6:00PM in the tent near the pickleball courts. Everyone and anyone who is planning to attend needs to sign-up on the sheet in FH. Pulled pork, buns, condiments, and service will be provided. If you did not play in the scramble we are requesting a \$2.00 donation (per person) to help defray expenses.

Last official day for golf is March 26. For those of you staying beyond that, the course currently is holding our tee times through April. I'll probably play a few more weeks. Contact me if you also wish to get in a few more rounds.

Dennis Lewis, 937-219-9498

**BOCCE PICNIC –**

Tuesday, March 24<sup>th</sup> – 5:00pm
